Index for this user manual

Make use of the following index to locate the topics in this manual that you would like to learn more about

SECTION 1 Why should you use the Dashboard?

| | |
|--|------|
| The FS DDD Dashboard | Pg 4 |
| What is the value of the FS DDD Dashboard? | Pg 5 |
| A first glimpse at the Dashboard | Pg 6 |

SECTION 2 What information does it contain?

| | |
|--------------------------------------|------|
| Key metrics on the Dashboard | Pg 8 |
| Interpreting the Dashboard's colours | Pg 9 |

SECTION 3 How do you get up and running?

| | |
|------------------------------------|-------|
| Using the right browser | Pg 11 |
| Your username and password | Pg 11 |
| Logging in | Pg 11 |
| Forgotten password problems? | Pg 12 |
| Creating another user | Pg 12 |
| Taking a screenshot and pasting it | Pg 13 |
| Logging out | Pg 13 |
| Getting help | Pg 13 |

SECTION 4 Who uses the Dashboard and why?

| | |
|----------------------------------|-------|
| Different views of the Dashboard | Pg 15 |
| Who uses which views? | Pg 17 |

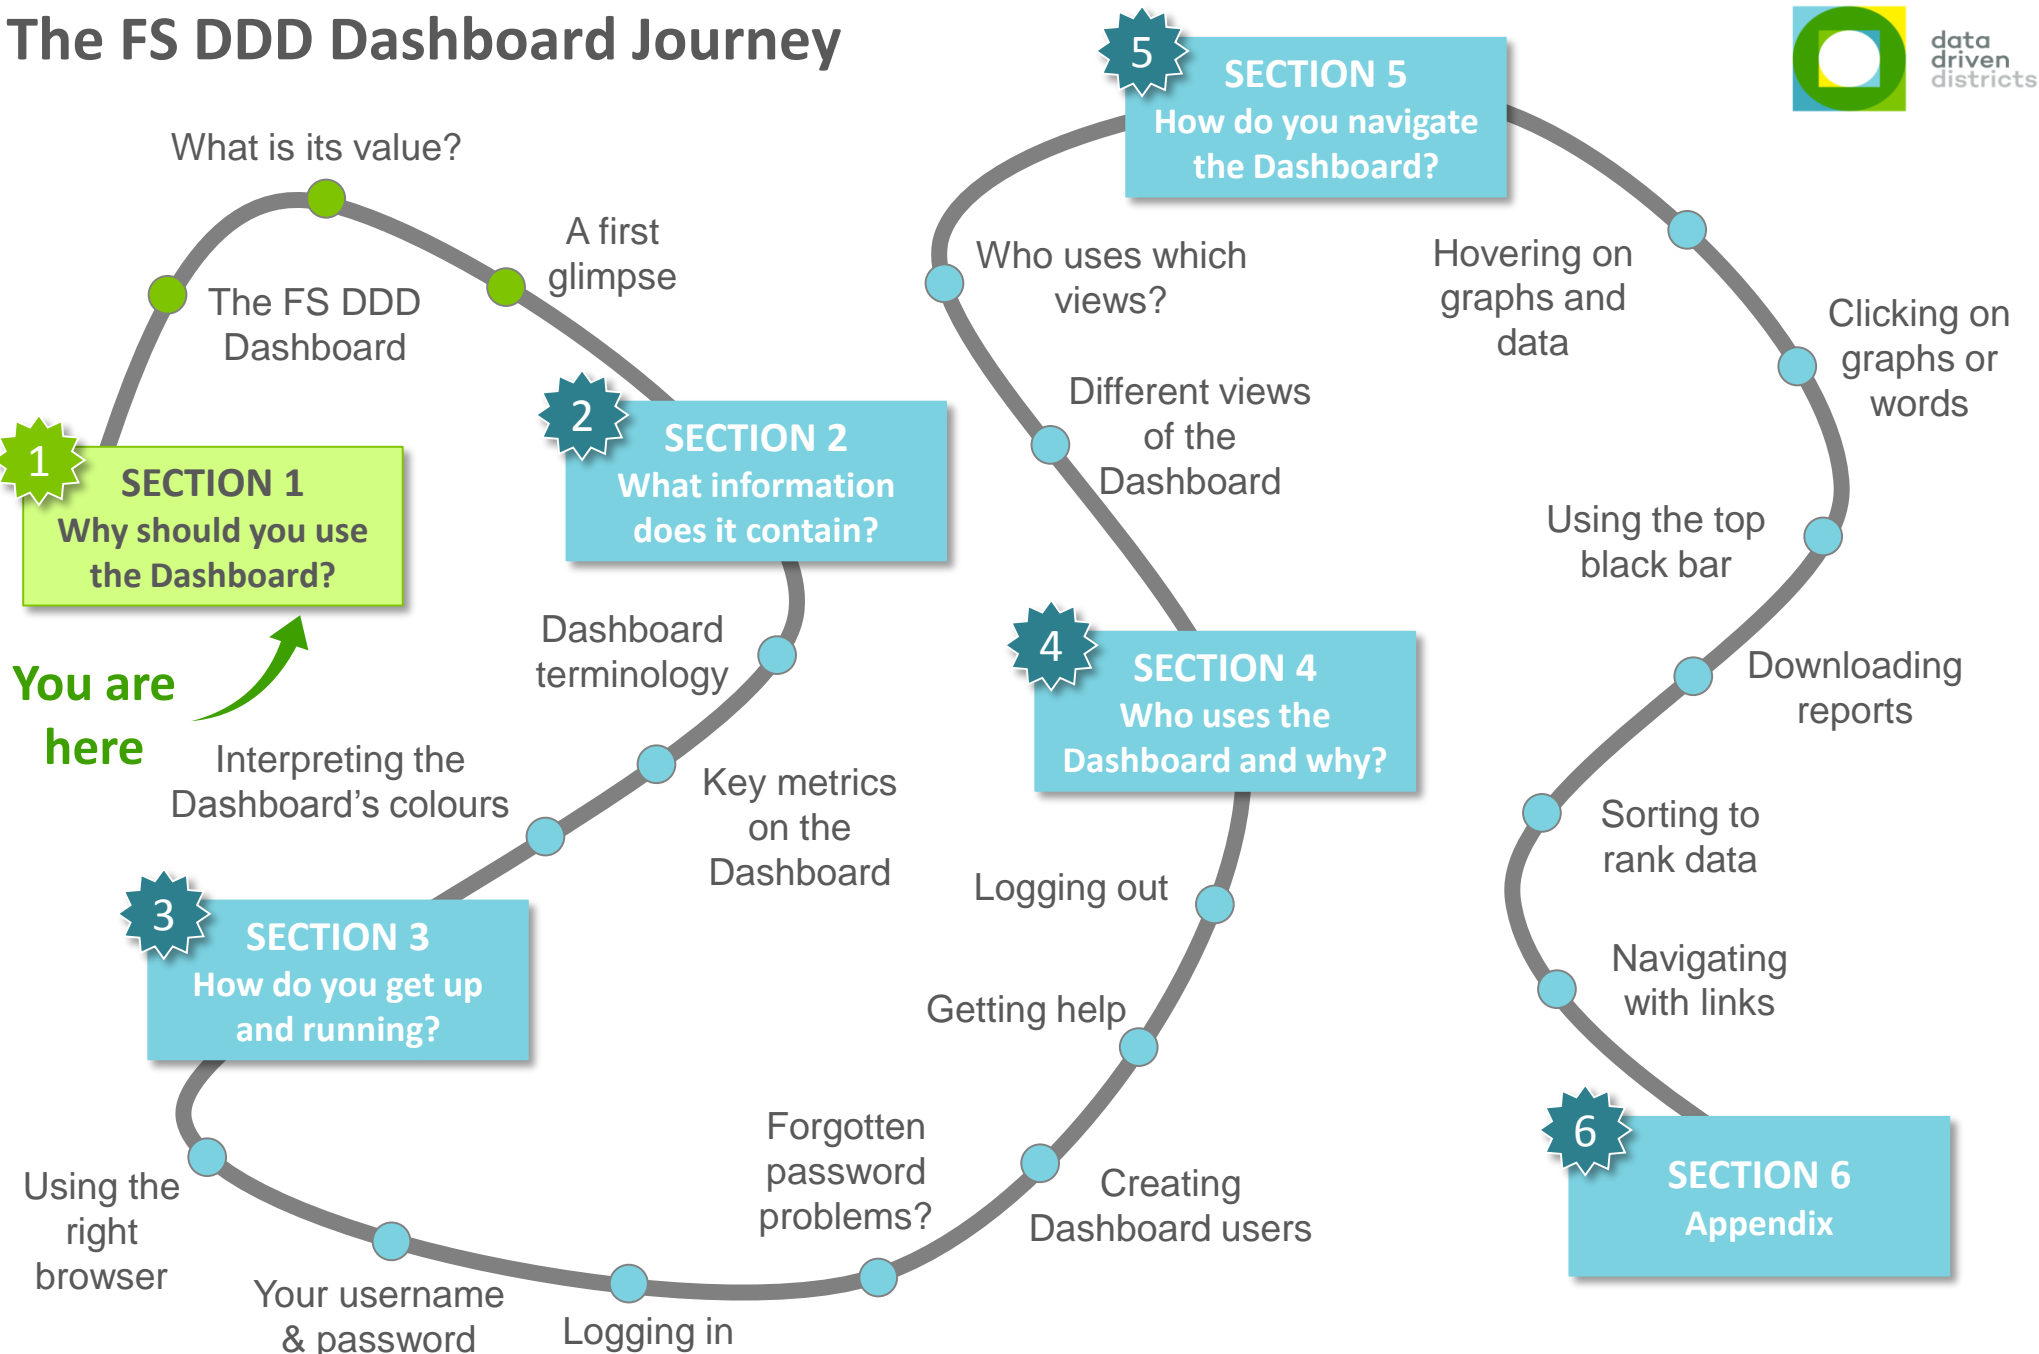

SECTION 5 How do you navigate the Dashboard?

| | |
|--|-------|
| Hovering on graphs | Pg 19 |
| Hovering on growth rates | Pg 21 |
| Clicking on graphs | Pg 22 |
| Sorting to rank data | Pg 23 |
| Using the top black bar | Pg 24 |
| Different types of comments on the Dashboard | Pg 27 |
| Downloading reports | Pg 28 |
| Navigating to school view | Pg 32 |
| Navigating to phase view | Pg 33 |
| Navigating to grade view | Pg 34 |
| Navigating to subject view | Pg 35 |
| Navigating to educator and learner views | Pg 36 |

SECTION 6 Appendix

| | |
|--|-------|
| Test yourself exercises | Pg 38 |
| Glossary of terms found on the Dashboard | Pg 41 |

The FS DDD Dashboard Journey

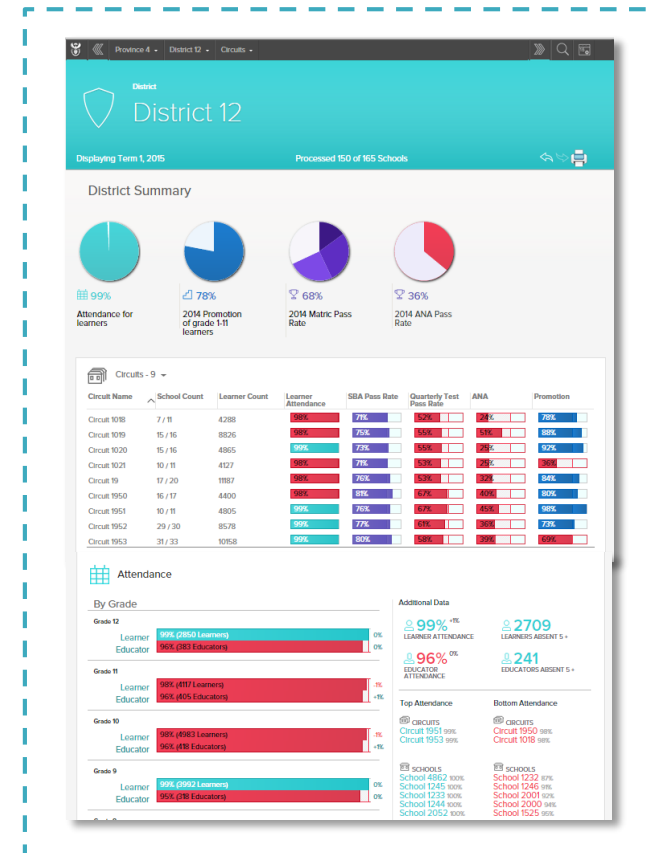

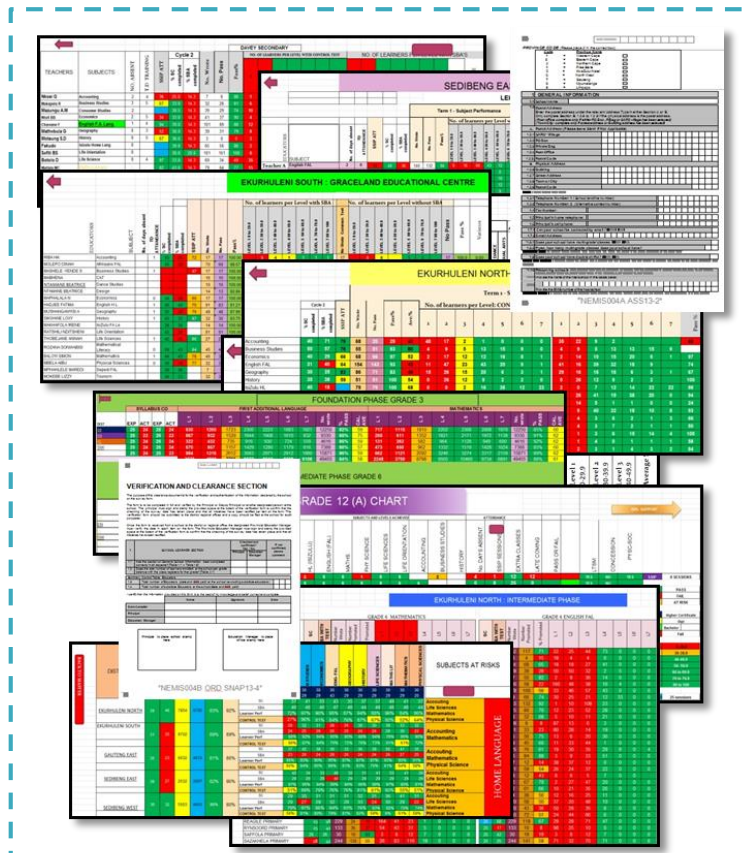

The FS DDD Dashboard

The FS DDD Dashboard consists of a large amount of school data that is consolidated and graphically displayed in a user-friendly online tool

There currently exists **vast amounts of valuable data** in the Free State education system that is used to **support decision making** by various stakeholders

...This data has been collected and displayed on the FS DDD Dashboard in an **easy-to-understand format** and can be used by these stakeholders to further **drive learner outcomes**

What is the value of the FS DDD Dashboard?

It provides invaluable data and reports that can allow school and education officials to better support South Africa's learners

Access data that schools and districts can use to **analyse and improve** school and learner performance

Track the performance of your school, circuit, subject, phase or district against targets

Download **printable versions** of Dashboard data as well as **role-specific reports** to save you time

Easily investigate which areas of the education system could benefit from additional support

Quickly navigate between different types of data such as attendance, achievement, curriculum coverage and promotion

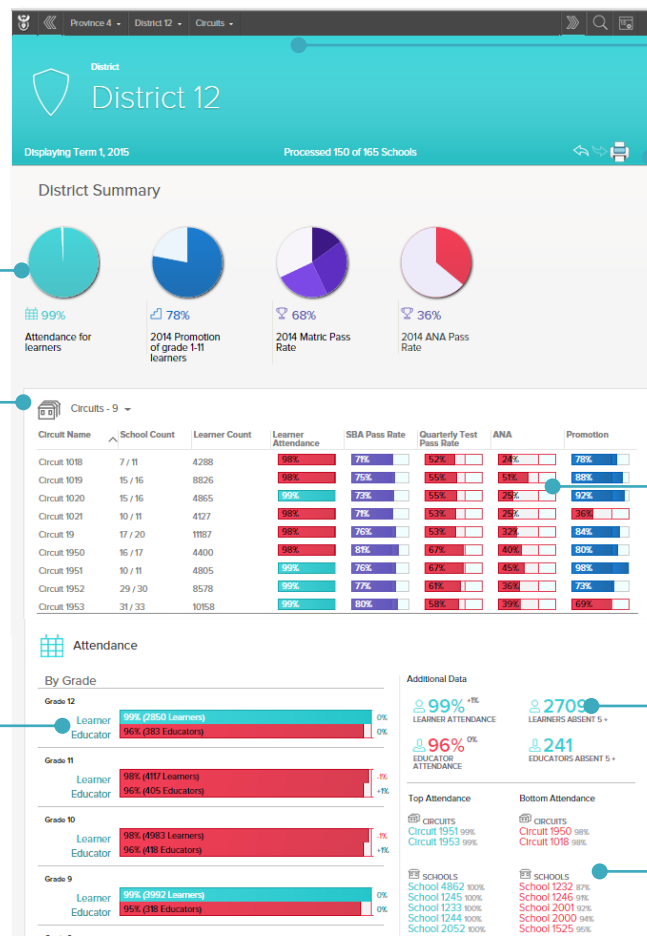

A first glimpse at the Dashboard

Your landing screen on the FS DDD Dashboard contains a wealth of information in an easy-to-interpret format

- High level summary of district / circuit / school performance across Dashboard data categories
- Colours are used for easy identification of data categories

- Aggregate summaries of each metric are displayed across entities and phases

- Each data point can be tracked back to an individual learner when learner level data is available
- Click on any data point to see its underlying data

- Drop downs within each section allow drill down navigation

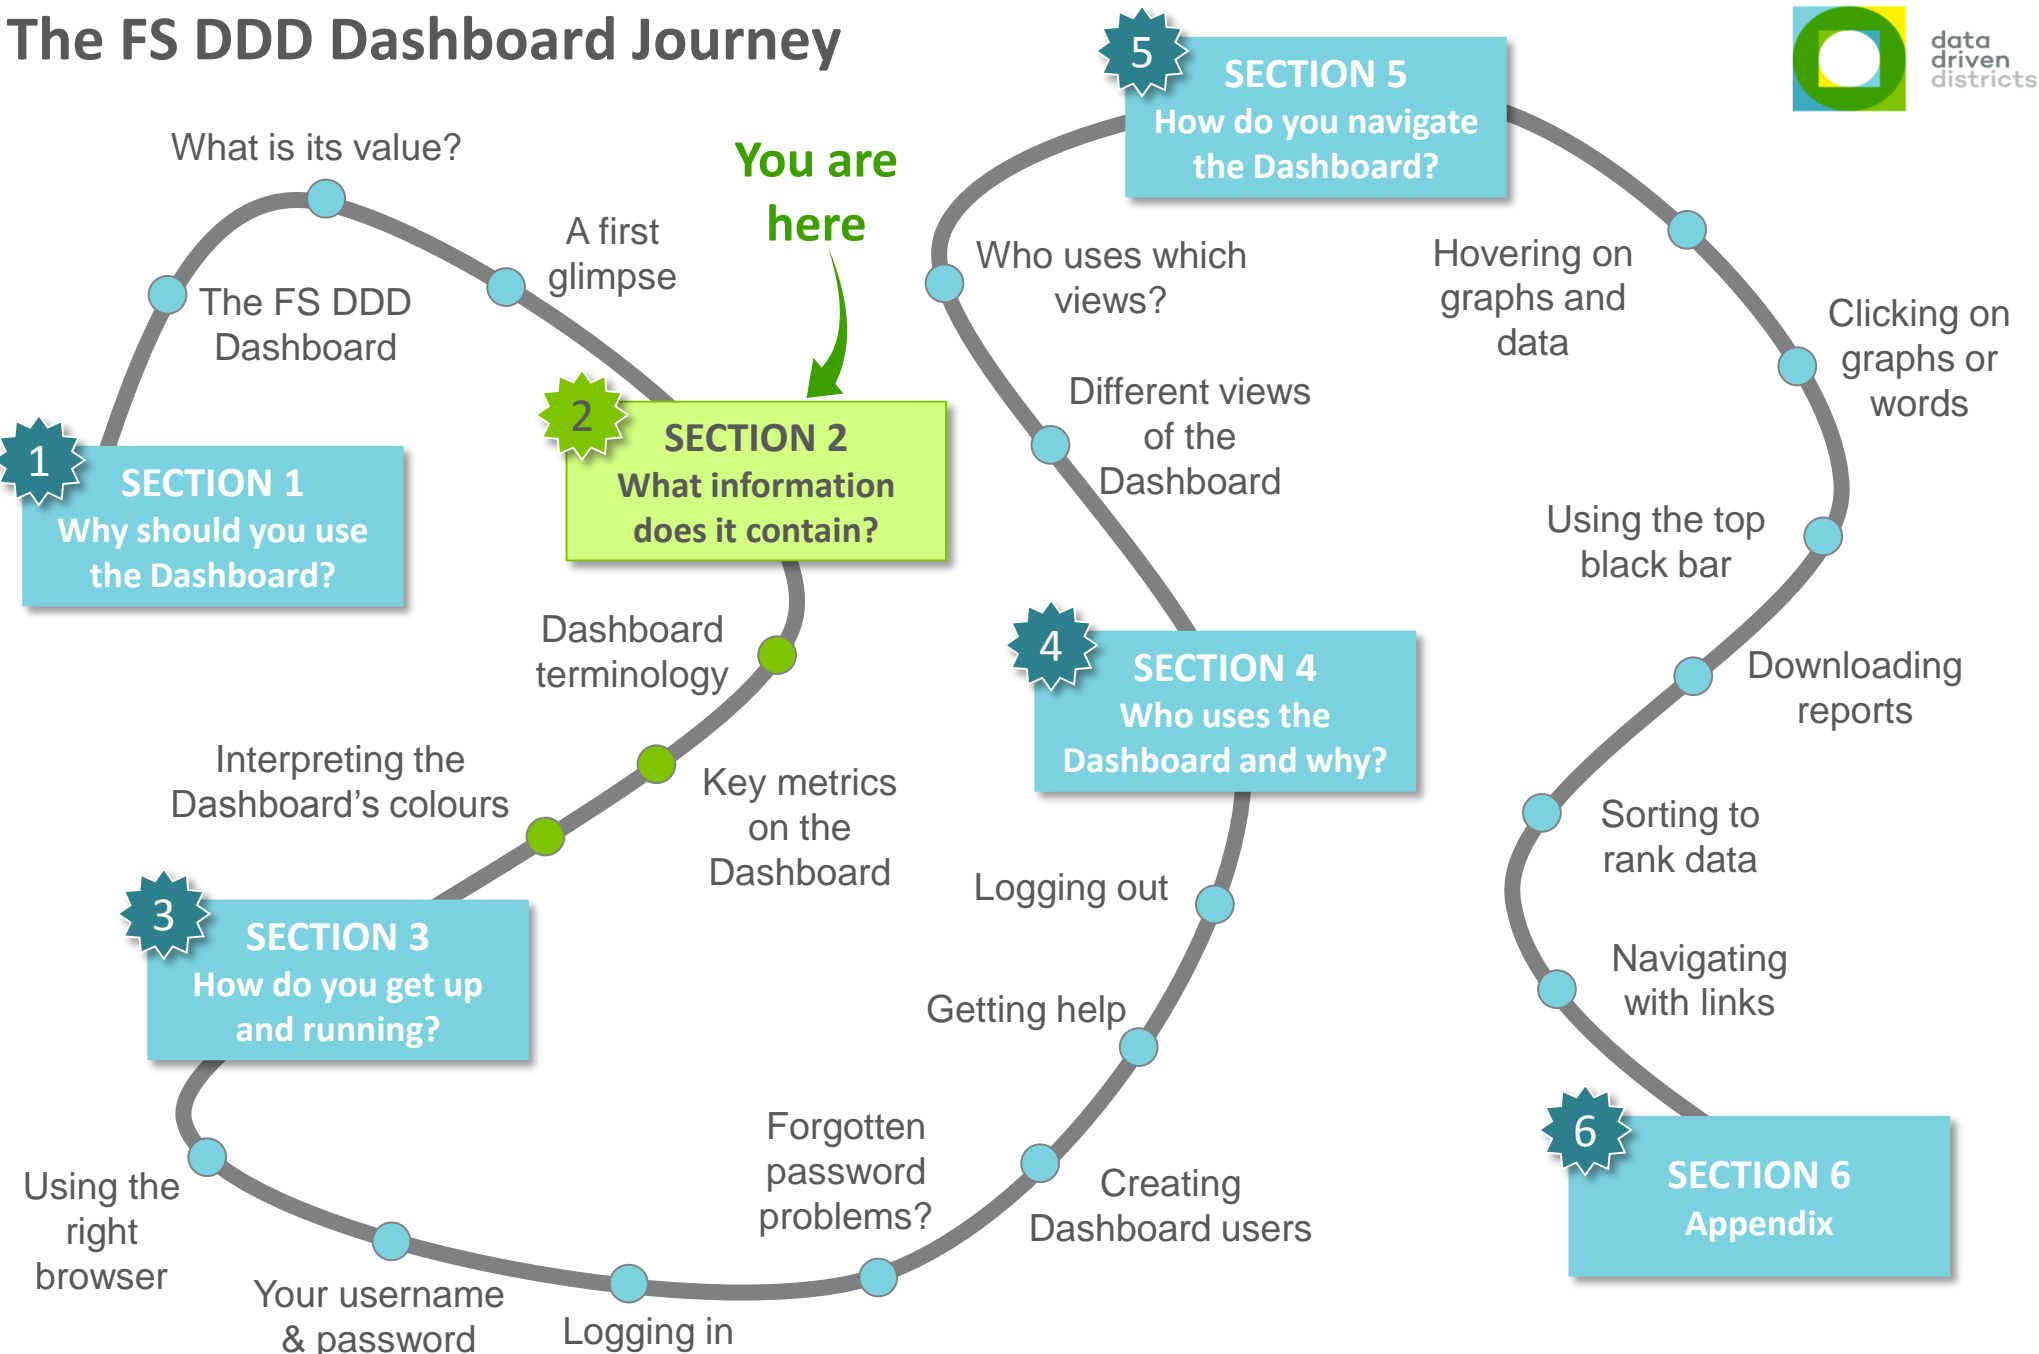

- Role-specific reports can be printed from the Dashboard

- Red is used to highlight values that are below a defined criteria

- Highest performers and lowest performers are profiled

- Compare multiple metrics and view their historic performance

The FS DDD Dashboard Journey

Key metrics on the dashboard

There are four categories of data on display on the Dashboard and these are made up of nine sub-metrics

Data Categories

Dashboard Metric

Definition

Achievement

1

SBA

- Pass rate for all class based assessments in a term

2

Quarterly Test

- Pass rate for formal test(s) in a term

3

Annual National Assessment (ANA)

- Pass rate for the national standardised literacy and numeracy tests

4

Matric pass rate

- The pass rate for matric in the previous year

5

Grade 1-11 promotion

- Pass rates for Grades 1 through 11 from the previous year

Attendance

6

Learner attendance

- Percentage of days a learner / educator or group of learners / educators are present at school in a term

7

Educator attendance

Curriculum

8

Syllabus coverage*

- Percentage of curriculum covered in the year to date

9

SBA coverage*

- Percentage of all assessments (tasks) completed in the year to date

The above Dashboard metrics are rolled up depending on the view that you are in but detail on subjects and grades is easily accessible by navigating to lower levels on the Dashboard

*Note: Curriculum coverage data being displayed on the Dashboard depends on whether the entity has chosen to display the data (by submitting it for upload)

Interpreting the Dashboard's colours

The data on the Dashboard is displayed in five colours representing different data categories as well as potential focus areas

Turquoise

Attendance

All learner and educator **attendance data** in pie charts and bar graphs

Light Blue

Curriculum

All **curriculum data** (SBA and Syllabus coverage) will be displayed in light blue

Dark Blue

Promotion

All **promotion data** (Matric and Grade 1-11) in pie charts and bar graphs

Purple

Achievement

All **achievement data** (SBA, Quarterly Test, ANA and NSC passes) in pie charts and bar graphs

Red

Attendance

Curriculum

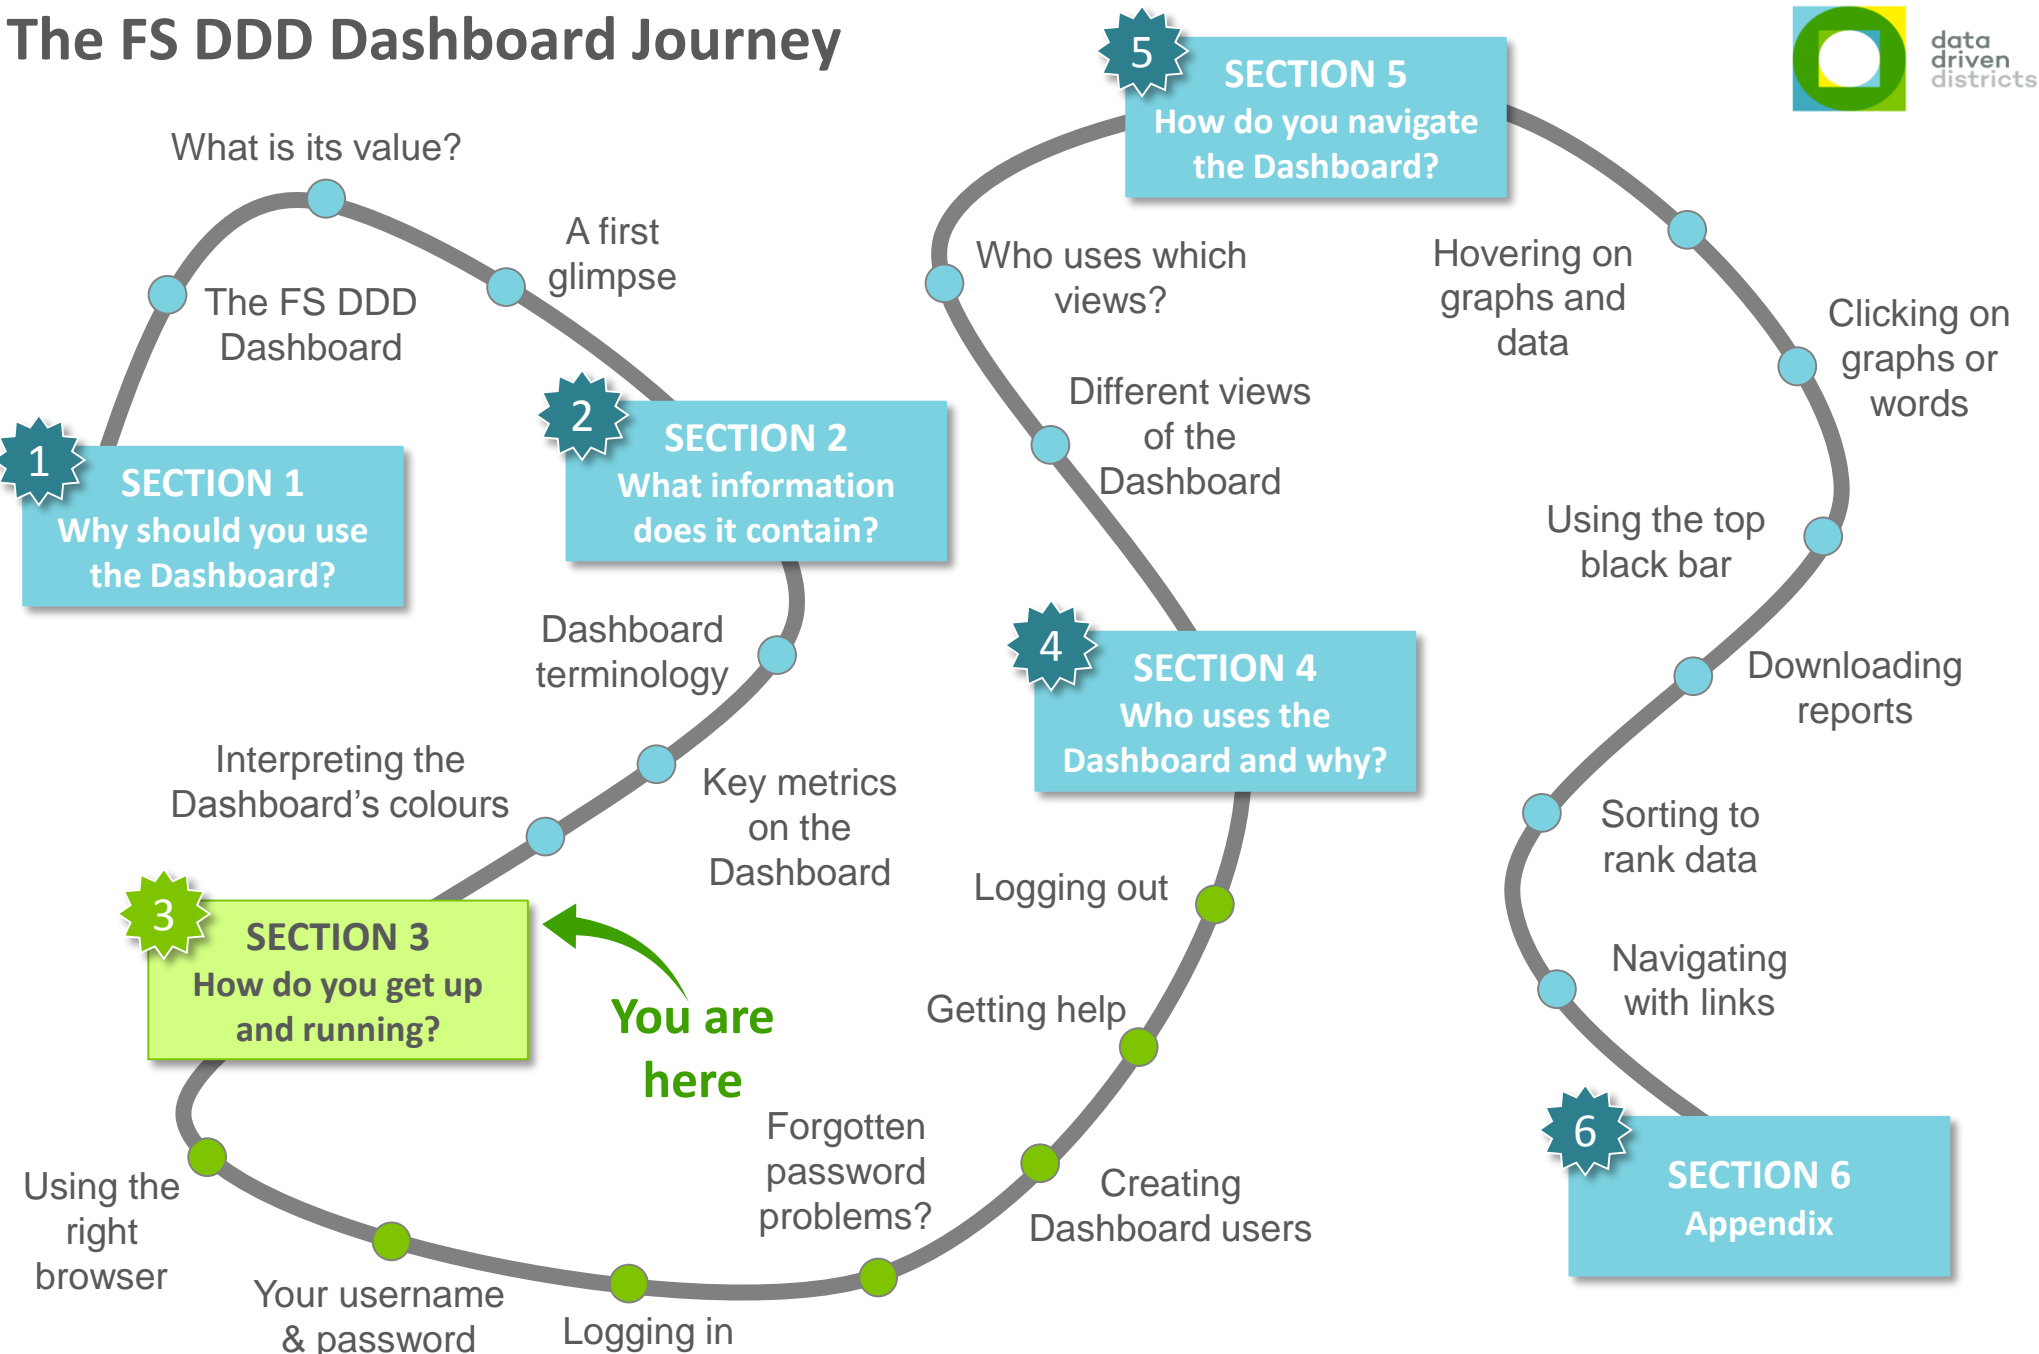

Promotion

Achievement

Any metric (no matter how aggregated) in the Dashboard that is **below its target level**

The FS DDD Dashboard Journey

Getting logged onto the Dashboard

Where can I find an appropriate internet browser? What does the e-mail look like in my inbox? How do I log onto the Dashboard?

1 Using the right internet browser

STEP 1 Select **Start**

STEP 2 Select Internet Explorer (version 10 or more recent)

OR Google Chrome

HINT:

Although the FS DDD Dashboard is supported by the majority of the web browsers out there, we recommend that you use Google Chrome in order to enjoy the Dashboard's full functionality.

Download website:
www.google.com/chrome/browser/desktop/

2 Finding your username and password

STEP 1 Open your email (inbox) and you will find an e-mail from "admin" with a "FS DDD Data Driven Dashboard" subject

admin Data Driven Dashboard

STEP 2 Find Your Username and Password

UserName: Jerry.Lemekoana
Password: i=%FJ(o)hR

STEP 3 Highlight your password, right click on your mouse and select **Copy**

HINT:

See 5: "Changing password and saving it elsewhere" overleaf for changing your password to something easier to remember

3 Logging into the Dashboard

STEP 1 Enter URL in address bar (www.fsdooe.fs.gov.za/ddd)

STEP 2 Enter your UserName in the User Name field

User Name Jerry.Lemekoana
Forgot User Name?

STEP 3 In the Password field, type your password. If you have copied it from the e-mail, right click in the empty box and select **Paste**

STEP 4 Accept the terms and conditions

Password problems and adding users

How can I retrieve my password? How do I change my password? How do I create a new user account for a colleague?

4 Forgotten password process

- STEP 1** Select the **Forgot Password** link
- ▼
- STEP 2** Enter your User Name and click **Reset Password**
- ▼
- STEP 3** Select **Finish** to go back to the log in page
- ▼
- STEP 4** In your inbox you will find an email with a "FS DDD Data Driven Dashboard" subject
- ▼
- STEP 5** You will find your new Password in that email

5 Changing password and saving it elsewhere

- STEP 1** First see pg 24: *Using the top black bar (1 of 3)* to identify the settings button. Click the settings button and select **My Account**
- ▼
- STEP 2** Click the **Change Password** button
- ▼
- STEP 3** Enter your current password, your new password and re-type it

| | |
|---------------------|-------|
| Current Password | ***** |
| New Password | ***** |
| Retype New Password | ***** |

HINT:

An auto-generated password is always hard to remember! Write your new password down or save it in a secure place after changing it

Only for users with User Admin role

6 Creating another user

- STEP 1** First see pg 24: *Using the top black bar (1 of 3)* to identify the settings button. Click the button and select **Account Management**
- ▼
- STEP 2** Click the **Create User** button
- ▼
- STEP 3** Enter their details, entity and level
- ▼
- STEP 4** Select the reports relevant to their role then select <<
- ▼
- STEP 5** Click **Save** and you will get a confirmation message

| | |
|------------|-----------------------|
| User Name | |
| First Name | Tom |
| Surname | Jones |
| Email | Info@newleaders.co.za |

| |
|-------------------|
| UnLinked |
| CES Report Role |
| Data Extract Role |
| EDMT Report Role |

Some other helpful tips

How can I quickly save the information I'm currently viewing? Where is the log out option? Who do I contact for more information or support?

7 Taking a screenshot and pasting it in your own report

STEP 1 Make sure all the information you want is displayed on your current screen

STEP 2 On your keyboard, press on the PrtScr button

STEP 3 Open a PowerPoint or Word Document and press Ctrl+V to paste it

8 Logging out

STEP 1 Click the settings icon

STEP 2 You will find the logout option at the bottom of all the available options

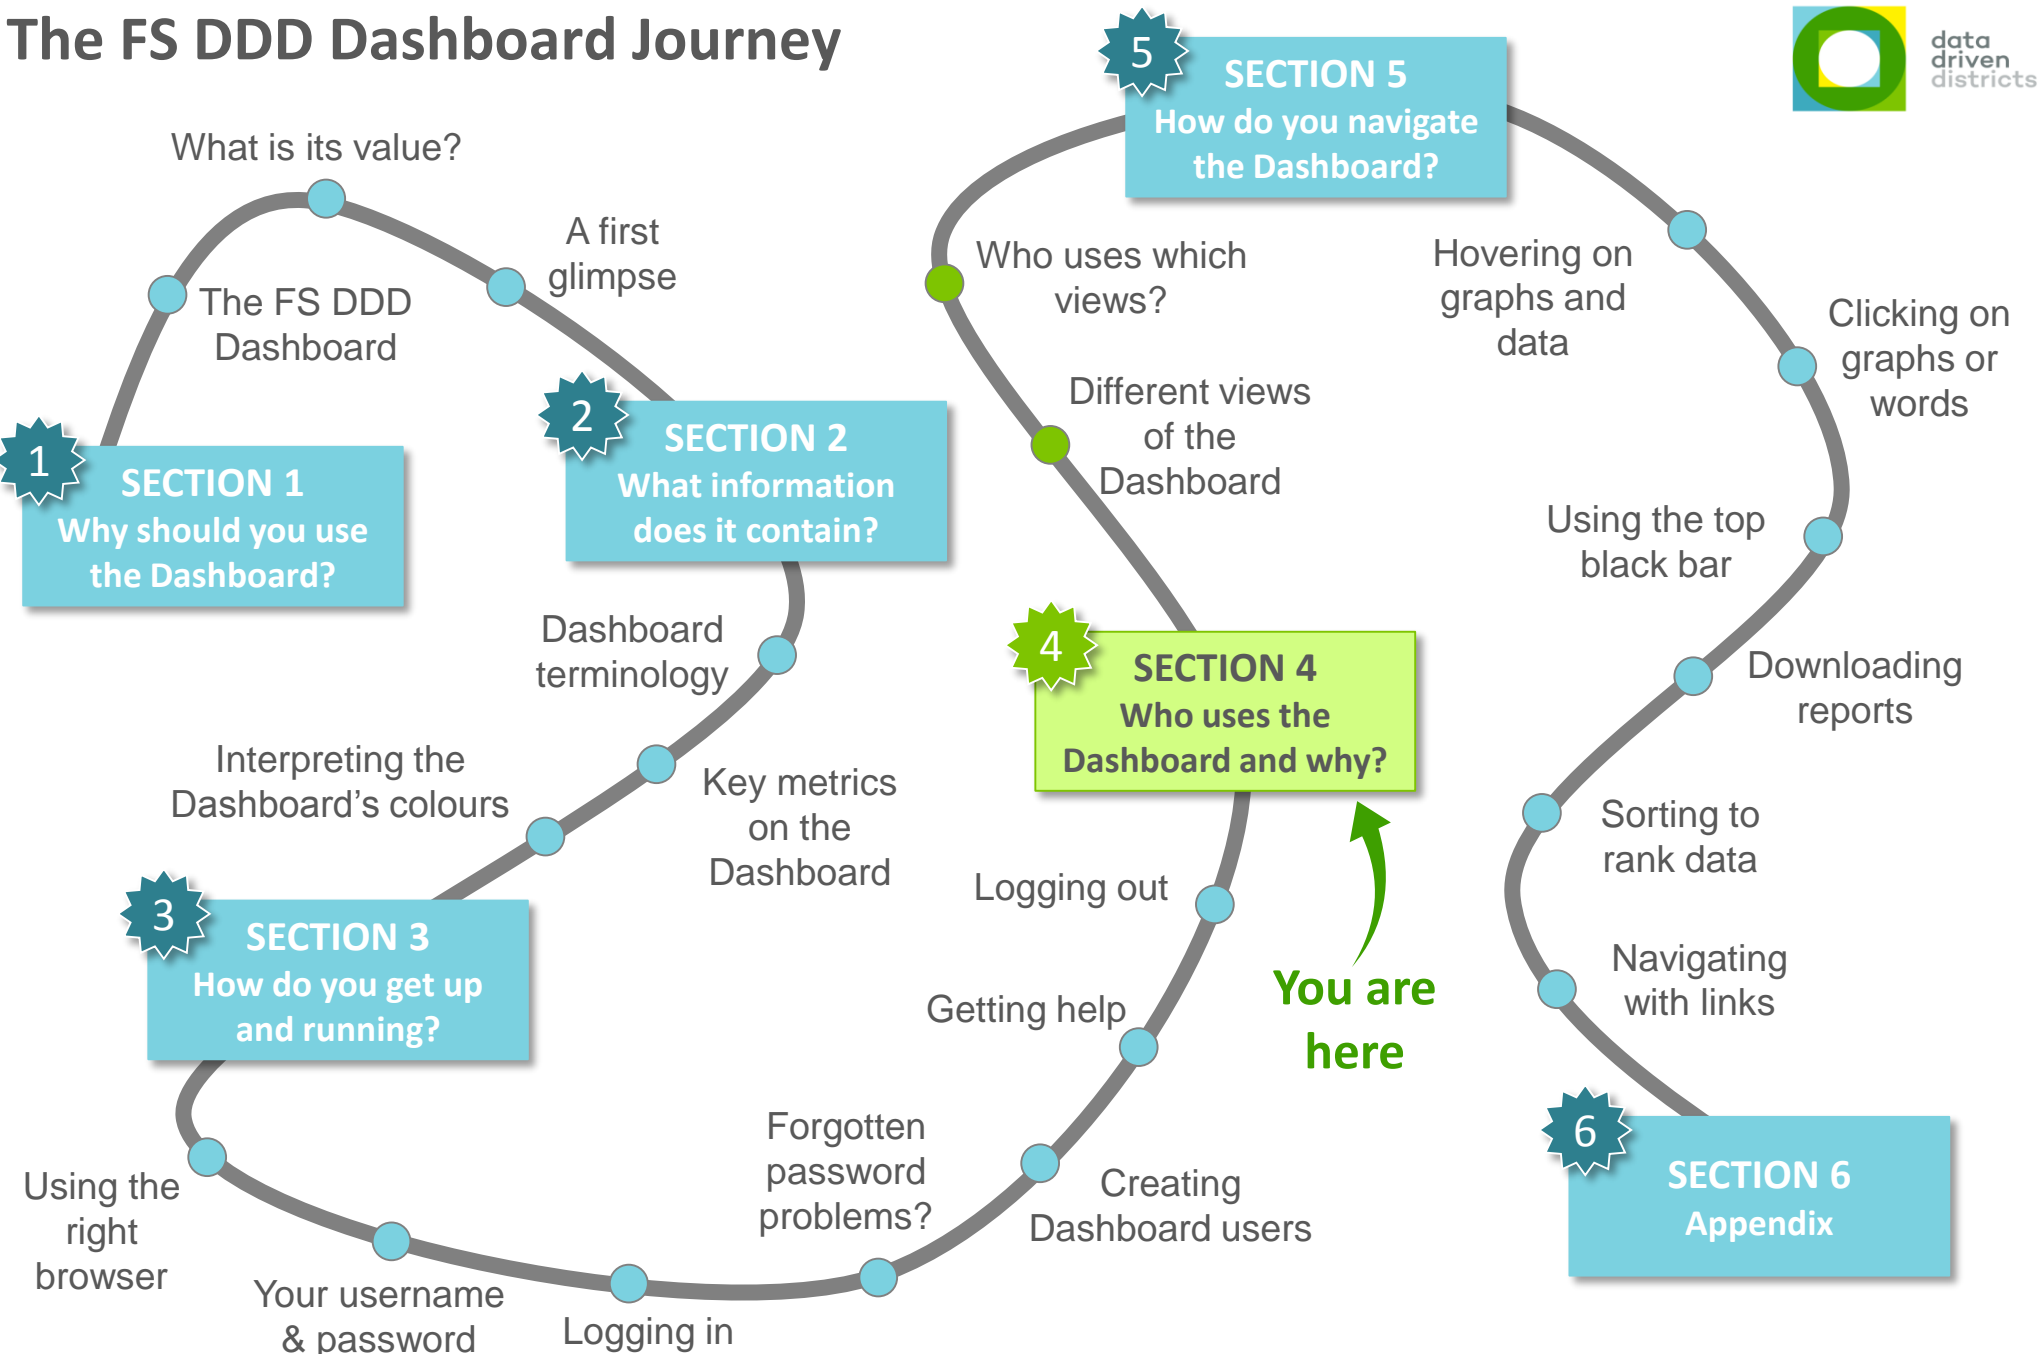

9 Getting help

If you are struggling with any aspect of using the Dashboard, you can contact a support agent via e-mail at the following address:

help@dbedashboard.co.za

The FS DDD Dashboard Journey

Depending on your role, you will land on the most aggregated view of the Dashboard data when you log into the Dashboard

Page summaries

District comparisons on learner and educator attendance, curriculum coverage, promotion rates, matric and quarterly test and SBA pass rates. Included is a provincial summary

Circuit comparisons
as well as a summary
for the district on the
above metrics

School comparisons as well as a summary for the circuit on the above metrics

Not applicable in Free State

Educator or Learner attendance comparisons as well as a summary for the school on the above metrics as mentioned in the country, province and region views

Phase Views

| Phase Name | School Count | Learner Count | Learner Attendance | SBA Pass Rate | Quarterly Test Pass Rate | ASBA | Promotion |
|--------------------|--------------|---------------|--------------------|---------------|--------------------------|------|-----------|
| Foundation Phase | 109 / 10 | 10953 | 90% | 87% | 77% | 90% | N/A |
| Intermediate Phase | 102 / 17 | 10632 | 90% | 75% | 84% | 82% | 99% |
| Senior Phase | 164 / 14 | 12003 | 90% | 83% | 88% | 87% | 97% |
| FET Phase | 43 / 5 | 10950 | 90% | 87% | 84% | N/A | N/A |

Key metrics in the district and circuit filtered to be shown by phases as opposed to by circuit or school

Data rolls up to the highest view you can see

Different views on the Dashboard (2 of 2)

Depending on your role, you will land on the most aggregated view of the Dashboard data when you log into the Dashboard

Page summaries

Data in this view

Grade View

A summary on attendance, curriculum coverage (if available), promotion and SBA pass rates for the grade. Educators and their subject(s) taught. Detailed data on curriculum coverage and achievement by subject as well historical data on promotion rates for the grade

Subject View

A summary on the curriculum coverage, SBA pass rate and (if applicable) ANA pass rate for the subject. Educators and their subject(s) taught. Curriculum coverage and achievement for the subject by grade

Educator View

A summary on the educator's attendance and detailed attendance data in a calendar format for the previous term. Note: this information on individuals will only be available to users that are assigned as Personal Information viewers

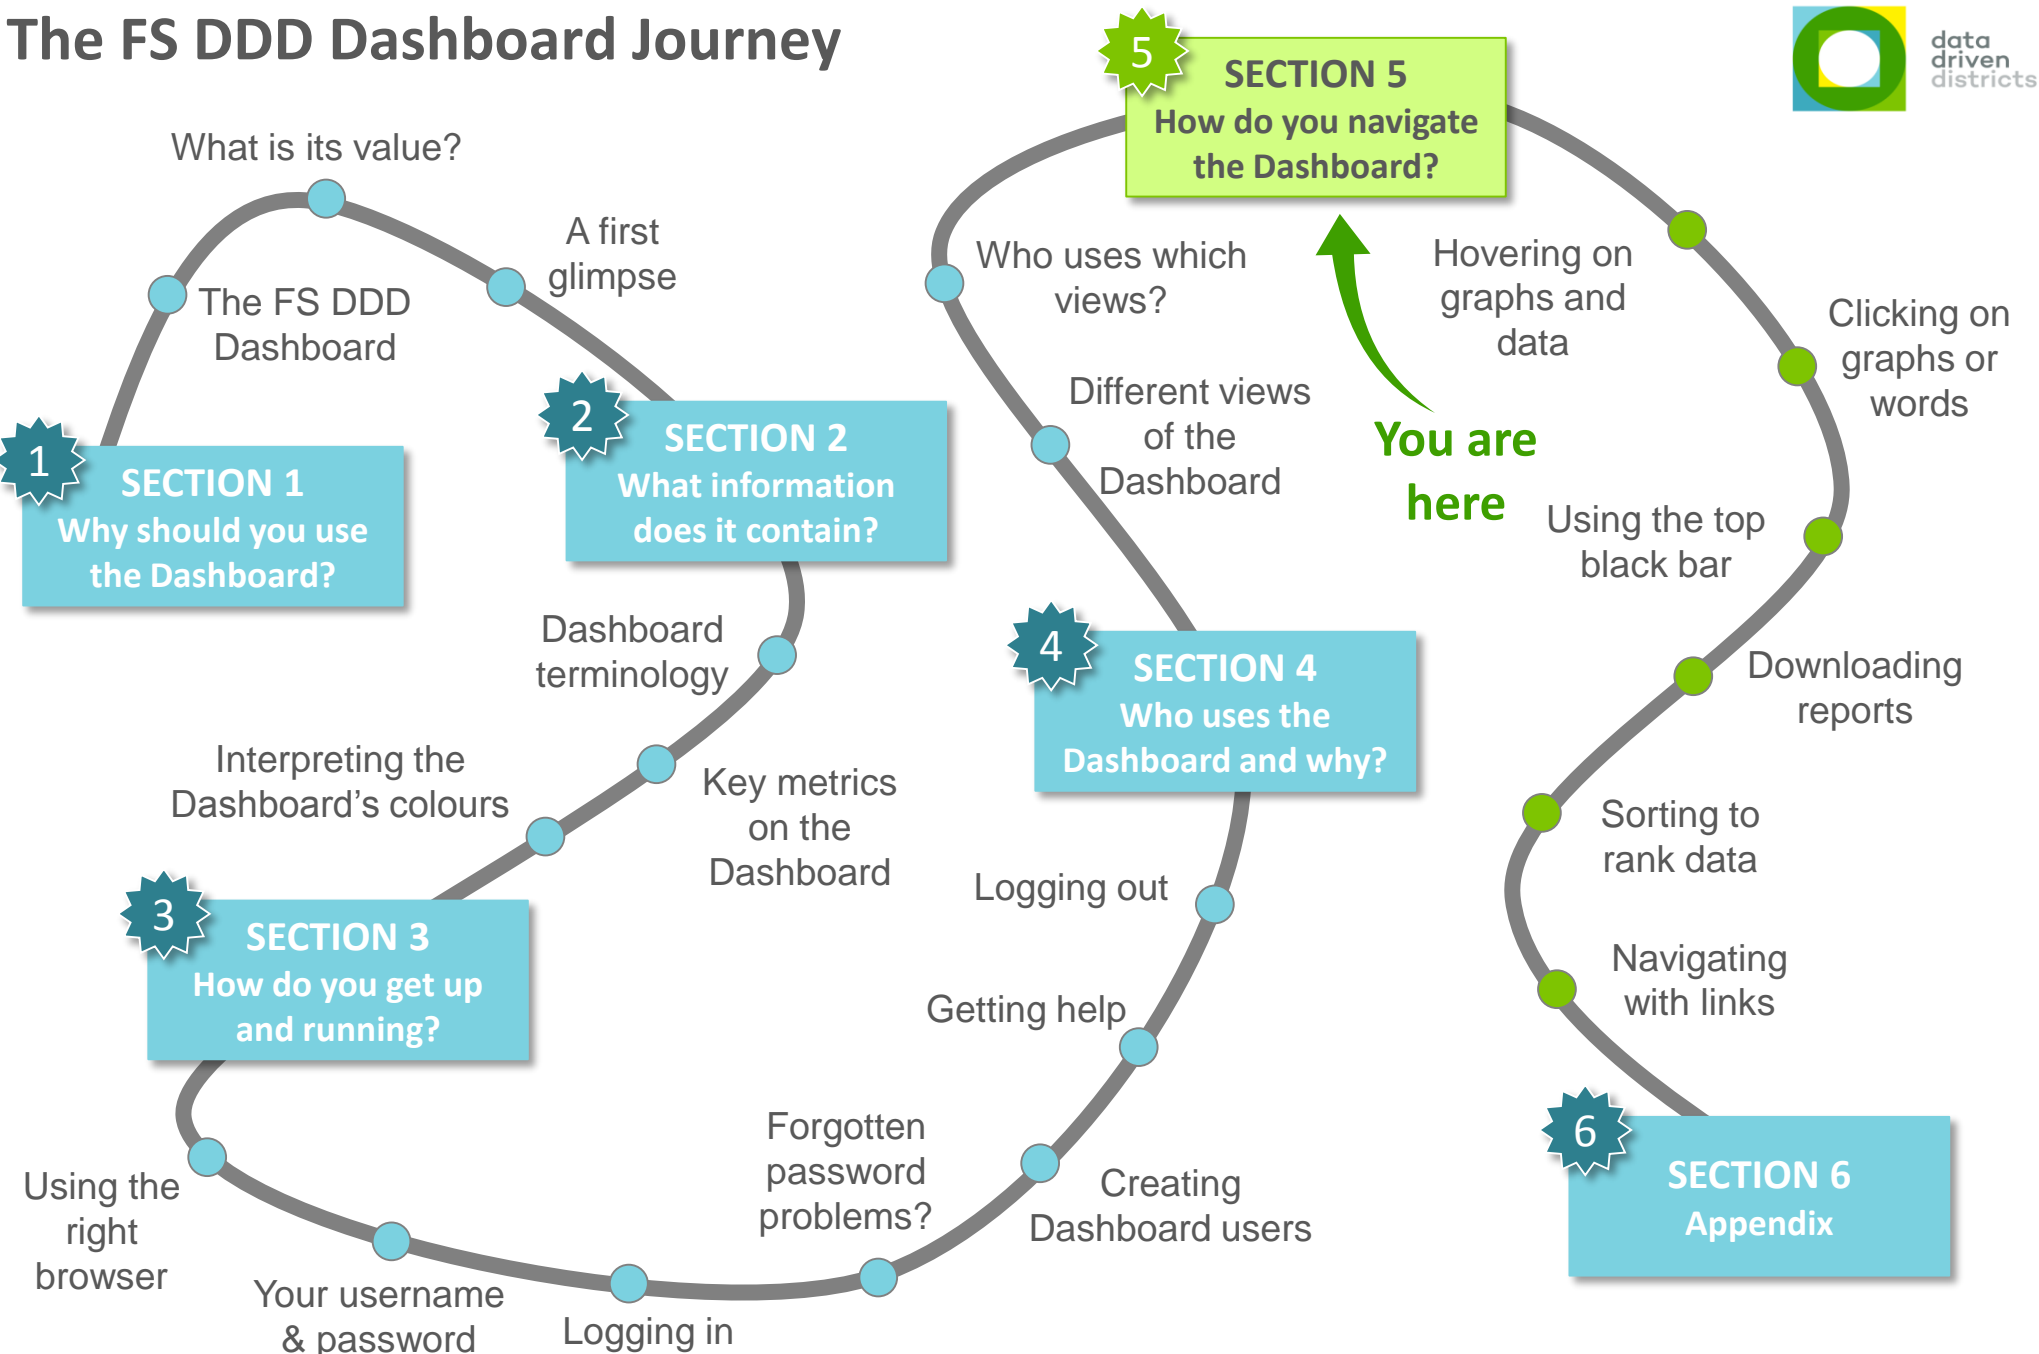

Learner View

A summary on the learner's attendance for the term as well as their Quarterly Test and SBA achievement and (if applicable) ANA results. Detailed data on SBA and Quarterly Test marks for the learner by subject in previous terms. Detailed attendance data in a calendar format for the previous term. This information can only be seen by users assigned as Personal Information viewers

Data rolls up to the highest view you can see

The FS DDD Dashboard Journey

What is its value?

1 SECTION 1
Why should you use the Dashboard?

The FS DDD Dashboard

A first glimpse

2 SECTION 2
What information does it contain?

Dashboard terminology

Key metrics on the Dashboard

3 SECTION 3
How do you get up and running?

Using the right browser

Your username & password

Logging in

Forgotten password problems?

Creating Dashboard users

Getting help

Logging out

4 SECTION 4
Who uses the Dashboard and why?

Who uses which views?

Different views of the Dashboard

5 SECTION 5
How do you navigate the Dashboard?

Who uses which views?

Different views of the Dashboard

Hovering on graphs and data

Clicking on graphs or words

Using the top black bar

Downloading reports

Sorting to rank data

Navigating with links

6 SECTION 6
Appendix

You are here

Hovering on the bar graphs for achievement data will also show the distribution of the learner grades in that category of assessment

What do you do?

Hover your cursor over each of the bar graphs for SBA, Quarterly Test and ANA

SBA

Hover

What will you see?

Quarterly

Hover

What will you see?

ANA

Hover

What will you see?

- A vertical bar graph of the **distribution of marks across the different achievement levels** (1 to 7) will appear for that category of learner assessment as well as the average mark for the category
- We can ask if the distribution of marks is **what we would expect** i.e. is it normally distributed? We can also see the **percentage of learners that are falling far below the pass mark** and can ask why!

Achievement Levels:

1: 0% - 29% 5: 60% - 69%

2: 30% - 39% 6: 70% - 79%

3: 40% - 49% 7: 80% - 100%

4: 50% - 59%

Hovering on growth rates

Hovering on the growth rates next to the Dashboard's bar graphs will show you the past data for that particular metric

What do you do?

Hover your cursor over each of the growth rates on the right of the bar graphs (indicated by the + or -, number and a % symbol)

Attendance

What will you see?

Hovering on the rate of change number for the attendance bar graphs will show the **past several terms' attendance rates** (depending on data availability)

Achievement

What will you see?

- Hovering over the rate of change number by the ANA bar graph will show the **past three years' pass rates**
- Hovering over the Quarterly and SBA bar graphs will show the **past several quarters' pass rates**

Promotion

What will you see?

Hovering on the rate of change number for any grade will show the **grade's previous years' promotion rates**

Clicking on graphs

Clicking on the pie charts at the top of the Dashboard will take you down to more detailed statistics and graphs in each of the data categories

What do you do?

Click on any of the pie charts at the top of the Dashboard page

Learner Attendance

Click

Promotion

Click

Matric Pass Rate

Click

ANA Pass Rate

Click

Coverage

Hover

What will you see?

What will you see?

What will you see?

What will you see?

What will you see?

- Clicking on any of the pie charts at the top of the Dashboard will take you down to their **underlying detailed data in the form of bar graphs** e.g. clicking on the pie chart for Attendance for learners will take you to attendance data for learners and educators across grades
- Alongside the detailed graphs, you will find the **Additional Data** section which has summary statistics for that category of data. Below Additional Data are the **Top and Bottom performers** for that category of data

Sorting to rank data

You can quickly sort data to identify both poor and good performers be they circuits, schools, learners or educators

What do you do?

Click on the titles for the metrics that sit above the bar graphs for the different entities and phases

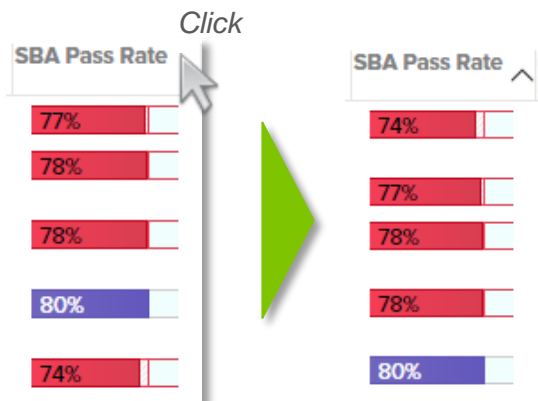

Schools - 8 ▾

| School Name | Learner Count | Learner Attendance | Curriculum Coverage | SBA Pass Rate | Quarterly Test Pass Rate | ANA | Promotion |
|-------------|---------------|--------------------|---------------------|---------------|--------------------------|-----|-----------|
|-------------|---------------|--------------------|---------------------|---------------|--------------------------|-----|-----------|

What will you see?

What will you see?

What will you see?

- Clicking on the column titles for the different bar graphs **will rank the data** from **lowest** (poorest performer) to **highest** (best performer). Clicking on the title again will reverse the order and show the best performer at the top and the poorest performer at the bottom.
- This is a **quick way to identify** potential circuits, schools, educators or learners that **require attention**

The black bar at the top of the Dashboard can be used to either navigate or perform a number of other useful operations on the Dashboard

Calendar icon to select term data you want to view

Forward arrow to
scroll the black bar left

Search button to easily find specific institutions and individuals

Settings button manage your account, create new users, leave and view comments and log out

Using the top black bar (2 of 3)

The black bar at the top of the Dashboard can be used to navigate to more granular levels of data; comments for other users can also be left

1 Drilling down to lower levels of data on the Dashboard

STEP 1 If you have this view, click on the “Districts” button and select the District you would like to view

STEP 2 To go further down, click “Circuits” and select the circuit you want to view

STEP 3 If in Gauteng, click “Clusters” and select the cluster you want to load (NA in Free State)

STEP 4 To view a school, click “Schools” and select the school you want to view

2 Leaving a comment

STEP 1 Select the Settings icon

STEP 2 Click the Leave a Comment option

STEP 3 Select the comment type from the drop down list

STEP 4 Type in your comment in the comment box

STEP 5 Click on the save button

Using the top black bar (3 of 3)

The black bar also allows you to view comments, search for institutions and individuals and change the term of data you are looking at

3

Viewing a comment

STEP 1 Click the Settings icon

STEP 2 Click **View Comment**

View Comments

STEP 3 Fill and select any applicable filters

STEP 4 Click the **Apply Filter** button

Apply Filter

STEP 5 Click the comment you want to view

| Page | Entity Name | Comment Type |
|---------|--------------|------------------------------|
| Country | South Africa | Technical Feedback & Support |

4

Searching in the Dashboard

STEP 1 Select the search icon

STEP 2 Select if you want to search for an individual or institution

☐ Individual

☒ Learner
☒ Educator

☐ Institution

☐ Non-School
☐ School

STEP 3 Type in the name of the individual or institution

Keyword

STEP 4 Click on the Search button to complete the search

Search

5

Selecting a term

STEP 1 Click the calendar icon

STEP 2 Select the year and term of data you want to view on the Dashboard

2015

Term 1

STEP 3 Click the **Apply** button

Apply

Types of comments on the Dashboard

There are five types of comments that can be created by users on the Dashboard

Comment type

Purpose of this comment

What will happen when you make this comment

1 Action / Decision

When a user needs someone to take an action or make a decision and the user expects feedback on their comment

The comment will be visible to all users at that level or higher. A “New” status will be assigned to the comment

2 Conversation

This comment allows a user to add selected users to see the comment or participate in a conversation

The comment will only be visible to all the users that have been selected to participate in the conversation. Only users in the creator’s entity level and below can be added

3 Private Comment

This comment is for a user who would like to leave a comment (potentially as a note or reminder to themselves)

A private comment will only be visible to the user who created it

4 Public Comment

A user will post one of these comments if they want anyone or everyone to be able to view the comment and reply to it

The comment will be visible to all users at that level or higher. Any user who leaves a comment will be e-mailed any activity that follows from that comment

5 Technical Feedback & Support

This comment is for users who would like to give feedback to system developers or get technical support on the Dashboard

The comment will be visible to all users at that level or higher and A “New” status will be assigned to the comment. The Dashboard Support Staff will be e-mailed the comment

Downloading reports (1 of 3)

The FS DDD Dashboard has a wide variety of downloadable / printable reports tailored for specific roles in the education system

Downloading Reports

STEP 1

Click on the printer icon

STEP 2

It will open a new tab with the reports in it

STEP 3

Click on the report you want and it will download

Downloadable reports in different Dashboard views*

District, Circuit and Phase Views

- All Entity Reports
- All Curriculum Insights Reports
- School Insights Reports (Learner Charts Report, Learner to Educator Ratio and Educator Attendance Percentage reports)

Cluster view (NA in Free State)

- All Entity Reports
- All Curriculum Insights Reports (excluding EDMT Insights Report)
- School Insights Reports (Learner Charts Rep, Learner to Educator Ratio, Educator Attendance Percentage reports)

School View

- All Entity Reports
- All School Insights Reports (excluding Learners to Educators Ratio Report)

*Note: Please see the next page for a description of each of the Dashboard reports and who should make use of them

Downloadable entity reports

The FS DDD Dashboard has a wide variety of downloadable and printable reports tailored for specific roles in the education system

Entity reports

Description of report

Users of this report

1

Offline Reports

PDF reports containing all data on the current view which you are in (e.g. District, Circuit, School, Subject or Grade). The report is very detailed and is essentially a print-out of the Dashboard view you are in

All users of the Dashboard can and should print these reports when they need the detailed data from the Dashboard view relevant to them (e.g. a Subject Advisor printing a report of their subject's page)

2

Most Improved Entity Reports

PDF reports showing the percentage change in the Quarterly Test pass rate from the previous term for the entity you are viewing (District, Circuit or School)

District Directors, EDMT, Circuit Managers, School Management Teams

3

Attrition Reports

PDF reports showing the estimated number of students that have left each schools' grades between the previous and current year. The number is estimated based on the expected number of students (last year's promotion plus new students) less the number of students that have an assessment recorded for them in the current year

District Directors, Circuit Managers, School Management Teams

Downloadable curriculum insights reports

The FS DDD Dashboard has a wide variety of downloadable and printable reports tailored for specific roles in the education system

Curriculum reports

Description of report

Users of this report

1

CES Curriculum Insights Reports

PDF reports showing the number of learning areas in the District or Circuit across phases that are at risk based on learner attendance, syllabus and task (SBA) coverage

District Directors, EDMT, Phase Coordinators

2

CES Subject Insights Reports

PDF reports showing the number and percentage of subjects at risk across phases for the District or Circuit. Subjects at risk are determined by Quarterly Test pass rates

EDMT (CLI), Phase Coordinators, Subject Advisors, Assessment Teams

3

EDMT Insights Reports

PDF reports showing Quarterly Test pass rates over previous terms, number and percentage of learning areas at risk across phases for Districts or Circuits

District Directors and EDMT

4

SMT Insights Reports

PDF reports showing the mark distribution of District, Circuit or School learners performing at the different achievement levels (1 to 7) for all subjects in a given phase

District Directors, EDMT, Phase Coordinators, Circuit Managers, Subject Advisors, Teacher Development, Assessment teams, SMT

5

Subject Performance Reports

Excel reports showing the distribution of learners performing at the different achievement levels (1 to 7) for all schools' registered subjects

Phase Coordinators, Circuit Managers, Subject Advisors, Teacher Development, Assessment teams, SMT

Downloadable school insights reports

The FS DDD Dashboard has a wide variety of downloadable and printable reports tailored for specific roles in the education system

| School reports | Description of report | Users of this report |
|--|---|---|
| 1 Offline Reports (Personalised) | Same PDF reports as Offline Reports (in Entity section) but includes detailed data on all educators and learners in the school | Circuit Managers, Subject Advisors, School Management Teams |
| 2 Learner Chart Reports | Excel reports showing individual learner performance (according to achievement levels 1 to 7) across all relevant subjects in the school | Subject Advisors, School Management Teams |
| 3 Learners to Educators Ratio Reports | PDF reports showing learner to educator ratios for all schools in the relevant District or Circuit | District Directors, EDMT, Phase Coordinators, Circuit Managers, Subject Advisors |
| 4 Learners to Educators Ratio by Grade & Subject | PDF reports showing learner to educator ratios for all subjects and grades in the relevant school | Phase Coordinators, Subject Advisors, School Management Teams |
| 5 Principals Dashboard Reports | Excel reports showing the distribution of learner performance (according to achievement levels 1 to 7) by subjects in each grade of the relevant school | School Management Teams |
| 6 Educator Attendance Percentage Reports | Excel reports showing all attendance rates and days missed for educators in a District, Circuit or School | District Directors, EDMT, Phase Coordinators, Circuit Managers, Subject Advisors, School Management Teams |

Navigating to school view

From the very aggregated District view, you can easily drill down to view a specific school page

How do I navigate to a School view from a District view?

In the summary metrics for the entities (found below the summary pie charts), **click on the entity** (circuit and then school) that you want to view

1 District view

Circuits - 9

| Circuit Name | School Count | Learner Count | Learner Attendance |
|--------------|--------------|---------------|--------------------|
| Circuit 1018 | 7 / 11 | 4288 | 98% |
| Circuit 1019 | 15 / 16 | 8826 | 98% |
| Circuit 1020 | 15 / 16 | 4865 | 99% |
| Circuit 1021 | 10 / 11 | 4127 | 98% |

Click on a circuit you want to view

2 Circuit view*

Schools - 7

| School Name | Learner Count | Learner Attendance |
|-------------|---------------|--------------------|
| School 1215 | 1087 | 98% |
| School 1216 | 1201 | 97% |
| School 1217 | 423 | 99% |
| School 1218 | 65 | 99% |

Click on a school you want to view

3 School view

School 2017

Displaying Term 1, 2016

School Summary

Attendance for learners: 99%

2016 Promotion of grade 12 learners: N/A

2016 AS&A Pass Rate: 100%

You can then navigate to other views specific to the school

The back arrow at the top of your internet browser can be used to **navigate back** to the page or pages you were on previously

*Note: Provinces such as Gauteng possess the additional Cluster level. The process of drilling down to the school level is the same as described above i.e. in circuit view, click the cluster you want to view.

Navigating to grade view

Within District, Circuit and School views, you can easily bring up grade pages for each of these views

How do I see the grade summary for a District, Circuit or School?

From the view you are in, scroll down to the detailed data sections. In either Attendance, Curriculum or Achievement, **click on the grade** that you want to view

1 Click on the grade link

Attendance

By Grade

Grade 12

Learner 95% (150 Learners)

Educator 95% (19 Educators)

1 Click on the grade link

Curriculum

By Grade

Grade 12

Syllabus 35% (150 Learners, 19 Educators)

1 Click on the grade link

Achievement

By Grade

Grade 12

SBA 96% (150 Learners)

Quarterly 88% (150 Learners)

2 What will you see?

District 12

Grade 12

Displaying Term 1, 2015

Grade Summary

Attendance for learners 99%

2014 Matric Pass Rate 68%

SBA Pass Rate 93%

Circuits - 9

| Circuit Name | School Count | Learner Count | Learner Attendance | SBA Pass Rate | Quarterly Test Pass Rate | Promotion |
|--------------|--------------|---------------|--------------------|---------------|--------------------------|-----------|
| Circuit 1018 | 3 / 4 | 265 | 99% | 96% | 77% | 88% |
| Circuit 1019 | 2 / 3 | 322 | 95% | 95% | 78% | 80% |
| Circuit 1020 | 2 / 3 | 153 | 100% | 94% | 87% | 84% |

You will be taken to the grade view for the entity whose page you were in

Once again, use the back arrow at the top of your internet browser to **navigate back** to the page or pages you were on previously (if needed)

Navigating to subject view

In a similar way to navigating to the grade pages, you can navigate to a subject summary view from District, Circuit and School views

How do I see the subject-specific data for a District, Circuit or School?

In the detailed data sections of Curriculum or Achievement, use the dropdown menu to select **“By Subject”** to see the data by subjects. From than point, **select a subject you want to view**

1

*Click on **By Subject***

OR

*Click on **By Subject***

What will you see and what should you do?

2

Click on the subject you want

What will you see?

3

You will see the subject summary for the entity you were in

Navigating back to the entity data by subject or grade can be done by using the **back arrow** at the top of your internet browser

Navigating to educator and learner views*

Detailed data on individual educators and learners can be accessed from the school view

How do I view an individual educator?

In the school view below the pie charts you will see a list of the school's educators. **Click on the name** of the educator you want to view

1

Educators - 33

| Educator | Primary Subject | Attendance |
|----------------|----------------------|------------|
| Educator 2385 | | 98% |
| Educator 28790 | Mathematics | 91% |

PAST QUARTER 0

THIS YEAR 0

A page for the educator providing **detailed (weekly) data** on attendance

How do I view an individual learner?

Use the dropdown menu above where the educators are listed to select **Learners**. Once the learner list is visible **click the learner** you want to view

1

Educators - 33

Learners - 1087

Click on Learners

2

Learners - 1087

| Name | Age | Grade | Absent |
|-----------------|-----|-------|-----------|
| Learner 1561790 | 7 | 1 | 2 days 4% |
| Learner 1561791 | 6 | 1 | 0 days 0% |
| Learner 1561792 | 7 | 1 | 0 days 0% |

Select a learner

What will you see?

3

School 016 - Learner

Learner 1561792

Displaying Term 1, 2016

Attendance 100%

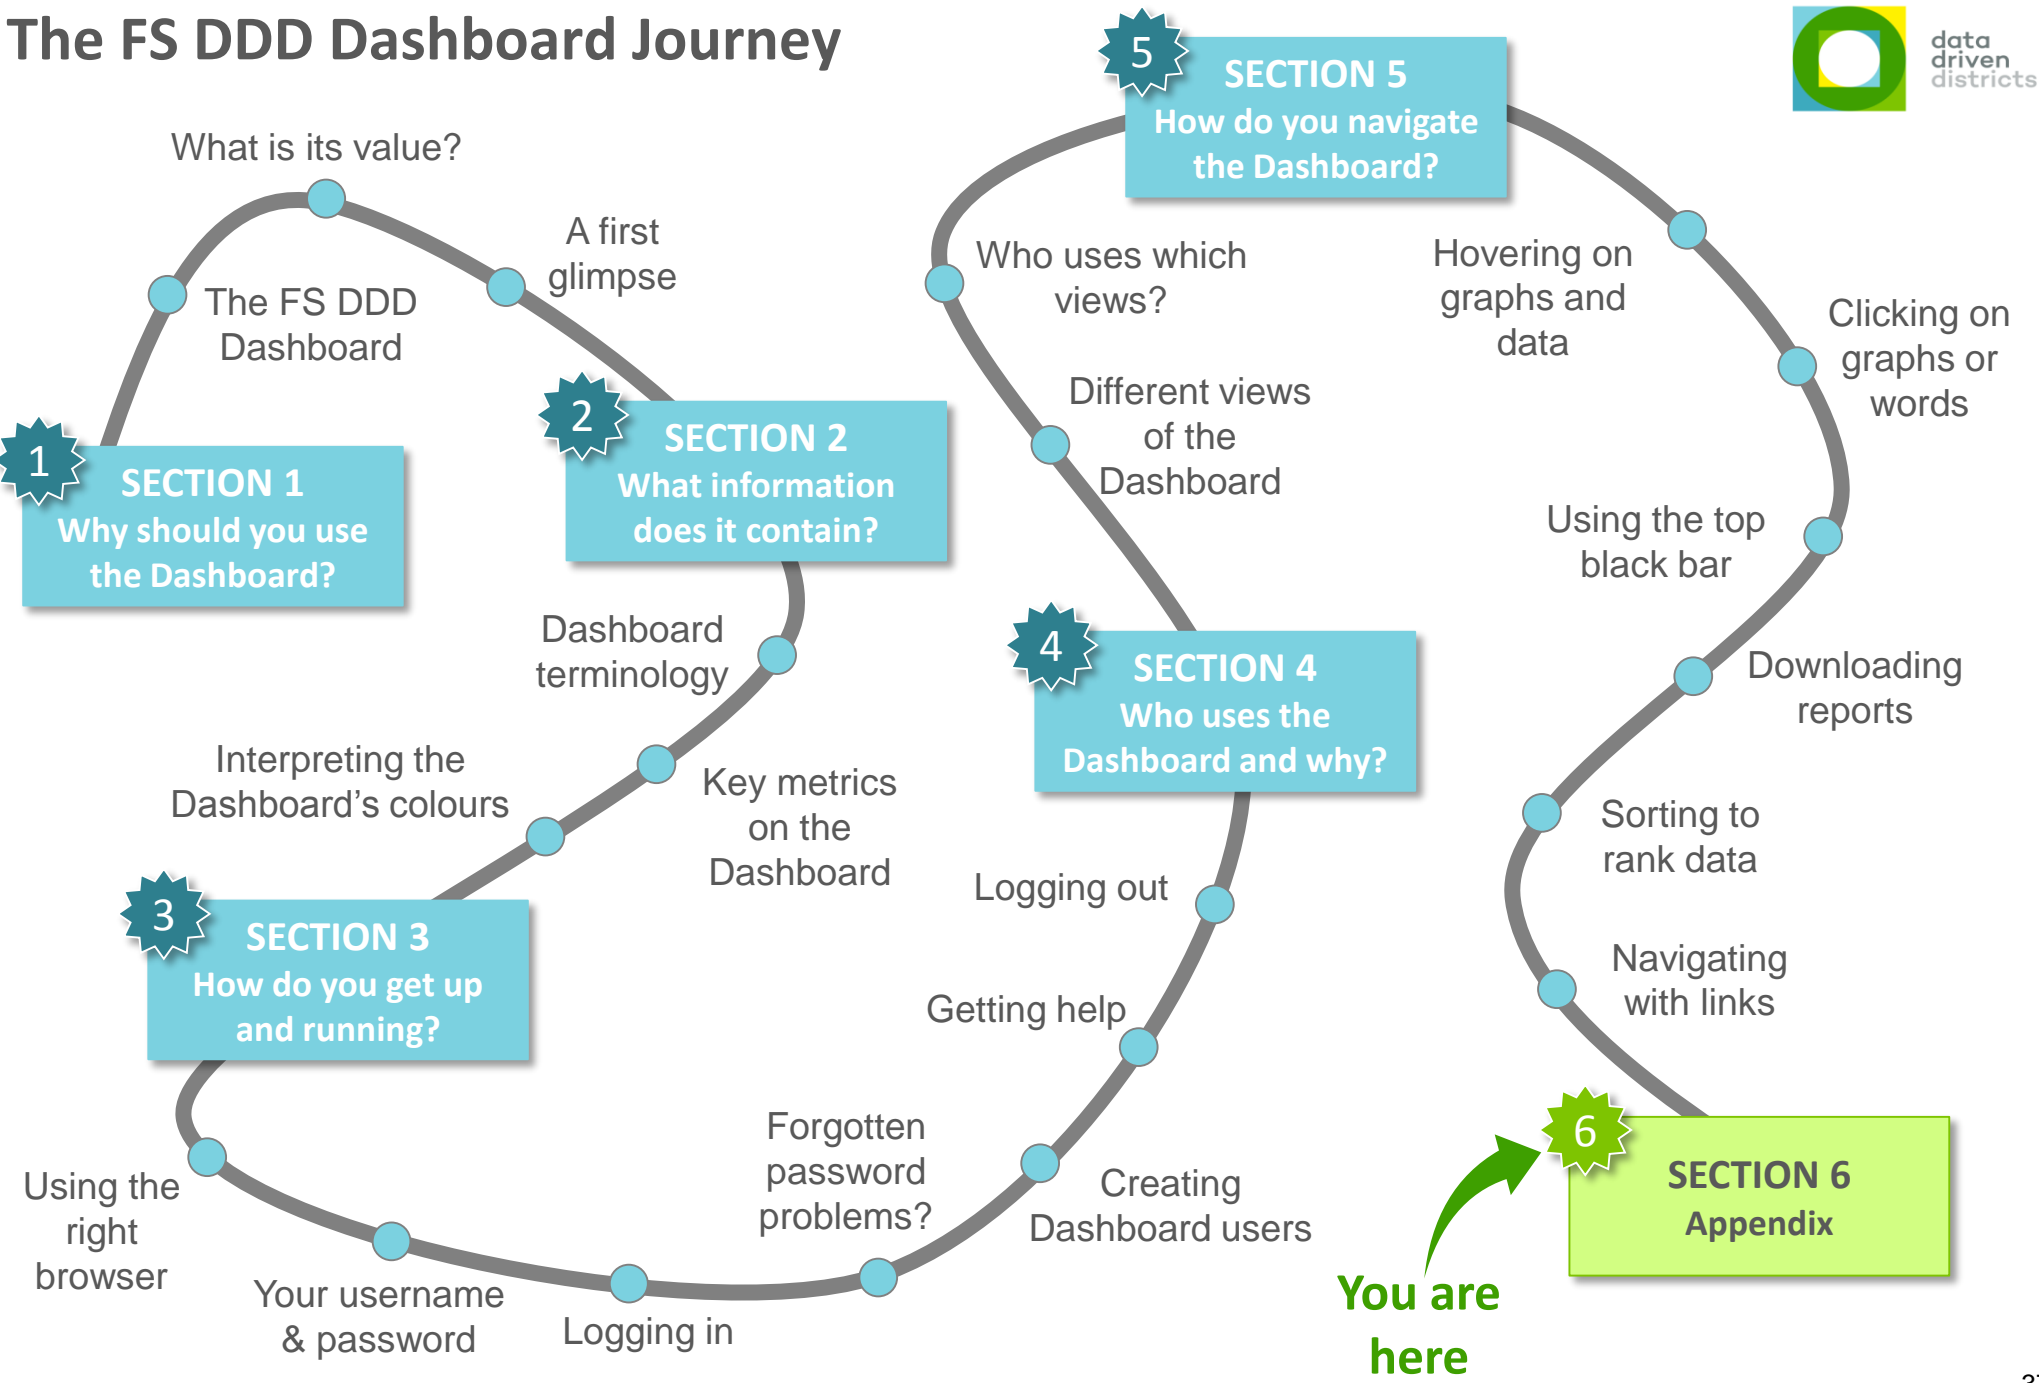

Quarterly Test achievement 0%

SEA achievement 55%

A page for the learner providing both summaries and detailed data on **performance and attendance**

*Note: Viewing individual learner and educator information is only available to users assigned as Personal Information viewers on the Dashboard

The FS DDD Dashboard Journey

Test yourself (1 of 3)

Now that you have covered the core functionality on the Dashboard, you should practise several exercises using this user manual as a guide

Exercise 1

Use your User Name and Password to log onto the Dashboard

? How did you find this exercise?

- ☐ Easy
☐ OK
☐ Difficult

Any comments on this exercise?

Exercise 2

Once logged onto the Dashboard, change your password

? How did you find this exercise?

- ☐ Easy
☐ OK
☐ Difficult

Any comments on this exercise?

Exercise 3

Take a screenshot of some interesting data and paste it into a Word document

? How did you find this exercise?

- ☐ Easy
☐ OK
☐ Difficult

Any comments on this exercise?

Test yourself (2 of 3)

Now that you have covered the core functionality on the Dashboard, you should practise several exercises using this user manual as a guide

Exercise 4

Find a report you would like to see and download it

? How did you find this exercise?

- ☐ Easy
☐ OK
☐ Difficult

Any comments on this exercise?

Exercise 5

In any entity view, check the overall targets for Promotion and ANA

? How did you find this exercise?

- ☐ Easy
☐ OK
☐ Difficult

Any comments on this exercise?

Exercise 6

In any entity view, find which grade has the lowest teacher attendance?

? How did you find this exercise?

- ☐ Easy
☐ OK
☐ Difficult

Any comments on this exercise?

A glossary of terms found on the Dashboard (1 of 4)

The following table provides definitions of the terms you will encounter on the Dashboard; their location on the Dashboard is also provided

| Dashboard Term | What is it? | Where is it found on the Dashboard? |
|---------------------------|--|--|
| Account Management | Users with administrative rights can manage other users' accounts (create new users, de-activate users and edit current users) | In the settings function at the top right hand side of the screen (in the top black bar) |
| Achieved (Value) | The actual rate or figure that was reported for a given metric on the Dashboard | Hovering over graphs and pie charts in Attendance, Promotion, ANA results and Curriculum Coverage sections |
| Achievement Level | The categories of achievement for a subject ranging from 1 to 7 (1: 0% - 29%; 2: 30% - 39%; 3: 40% - 49%; 4: 50% - 59%; 5: 60% - 69%; 6: 70% - 79%; 7: 80% - 100%) | Hovering over bar graphs in Achievement sections |
| ANA | Annual National Assessment – Nationally standardised assessments for learners from Grades 1 to 6 and Grade 9 | Summary pie charts in relevant Dashboard views and in Achievement sections (grade 1 to 6 and grade 9 detailed Achievement data) |
| ANA Lit | ANA Literacy test written by learners from Grades 1 to 6 and Grade 9 | Achievement sections (grade 1 to 6 and grade 9 detailed Achievement data) |
| ANA Num | ANA Numeracy test written by learners from Grades 1 to 6 and Grade 9 | Achievement sections (grade 1 to 6 and grade 9 detailed Achievement data) |
| Attendance | The attendance rate of learners and educators (calculated as the number of days present divided by the total number of school days) | Summary pie charts in relevant Dashboard views, in Attendance sections containing detailed attendance data and in educator and learner lists in School views |
| Average | The average mark achieved for a subject, in a grade, by a school or higher entity such as a District | Hovering over ANA pass rate pie charts and all graph summaries covering SBA pass rates, Quarterly Test Pass Rate and ANA assessments |

A glossary of terms found on the Dashboard (2 of 4)

The following table provides definitions of the terms you will encounter on the Dashboard; their location on the Dashboard is also provided

| Dashboard Term | What is it? | Where is it found on the Dashboard? |
|----------------------------|--|---|
| Calendar | Changes the term and year of the information that is being displayed on the Dashboard | At the right side of the top black bar on the left of the settings icon |
| Confidence | It shows the completeness of the attendance data submitted to the Dashboard. (Calculated as the number of weeks for which data was captured divided by the number of weeks in the term and reflected as a percent) | Hovering over learner attendance pie charts and learner and educator attendance bar graphs |
| Conversation | A type of comment on the Dashboard that is directed to certain individuals who where first selected to see and participate in the conversation | In the settings function at the top right hand side of the screen (in the top black bar). Once clicking the settings icon and then selecting “Leave a Comment” or “View Comments” |
| Curriculum Coverage | Measures the percentage of the curriculum (either syllabus or SBA / tasks) covered in a given term | In summary pie charts for various views (depending on data availability) and in detailed Curriculum sections |
| Learner Count | The total number of learners included in the calculation(s) for the a given metric | Hovering over all the summary pie charts and the summary bar graphs |
| Log out | Closes an active session of a user once they are done using the dashboard | In the settings function at the top right hand side of the screen (in the top black bar) |
| My Account | Gives the user options to update their personal information | In the settings function at the top right hand side of the screen (in the top black bar) |
| NSC Pass | The percentage of learners that passed matric with no exemption | Hovering over the Matric Pass Rate summary pie chart |

A glossary of terms found on the Dashboard (4 of 4)

The following table provides definitions of the terms you will encounter on the Dashboard; their location on the Dashboard is also provided

| Dashboard Term | What is it? | Where is it found on the Dashboard? |
|---|--|---|
| Search | A search function that is used when looking for a specific learner, teacher or institution. | At the right side of the top black bar (left of the calendar icon) |
| Status | The status of comments that have been made under Technical Feedback & Support or Action/Decision. | In the settings function at the top right hand side of the screen (in the top black bar). Once clicking the settings icon and then selecting “View Comments” |
| Syllabus | Shows percentage of the syllabus that has been covered in the term or year to date. | The syllabus coverage above the SBA / task coverage graphs in Curriculum sections |
| Target | The target set by the DBE for a given metric on the Dashboard | Hovering over Attendance, Promotion, Achievement and Curriculum Coverage bar graphs and pie charts |
| Technical Feedback & Support | A type of comment that can be left by a user if they are looking for support or some form of query resolution relating to something on the Dashboard. After such a comment is saved, it submits an e-mail to the Dashboard Support Staff | In the settings function at the top right hand side of the screen (in the top black bar). Once clicking the settings icon and then selecting “Leave a Comment” or “View Comments” |
| Threshold | Minimum required mark in order for an assessment result to be considered passed (taken from National policy pertaining to the programme and promotion requirements of the National Curriculum Statement Grades R – 12) | While not a term on the Dashboard, thresholds are implicit in all pass rates and promotion rates displayed on the Dashboard |
